

STATEMENT ON REGISTRATION TO SUPPLY GOODS AND SERVICES IN UGANDA'S OIL AND GAS SECTOR FOR 2017 - NATIONAL SUPPLIER DATABASE – 27TH JUNE 2017

Further to the statement by the Petroleum Authority of Uganda (PAU) on 19th June 2017 announcing the 194 companies/entities/persons for which verification had been successfully completed and their subsequent registration on the National Supplier Database (NSD), this is to announce an additional 75 companies/entities/persons whose verification has been completed and have been added to the NSD. Verification of the other applications is ongoing and the full list of successfully verified and registered companies/entities/persons for 2017 will be published before the end of June 2017. The 269 companies/entities/persons whose verification has been successfully completed are listed here below.

This announcement is in fulfilment of Regulation 176 of the Petroleum (Exploration, Development and Production) Regulation, 2016 and Regulation 30 of the Petroleum (Refining, Conversion, Transmission and Midstream Storage) (National Content) Regulations 2016 of the Republic of Uganda. These Regulations mandate the PAU to put in place and publicize a database of companies/entities/persons qualified to supply goods and services in the country's oil and gas sector.

Application for qualification to the register was advertised in the New Vision newspapers of 28th December, 2016 and 24th April, 2017 respectively and in the Daily Monitor of 24th April, 2017. A total of 774 applications were received by the deadline for 2017 which was 15th May, 2017 as advertised and a review for completeness and verification of the information submitted is being undertaken.

The PAU wishes to state that registration on the National Supplier Database does not result in automatic award of contracts but is a legal requirement to be used by all buyers and sellers of goods and services in the country's oil and gas sector.

For Inquires email nsd@pau.go.ug or contact the Executive Director at the address below:-
